THE NORTHWEST.

Mr. Thomson's Long Trip of Interested Observation.

THE GREATEST CROP EVER KNOWN.

The World's Fair to be the Most Magnificent Ever Held—The Beautiful Yellowstone Park and its Natural Attractions.

PHILADELPHIA, Sept. 22. — Frank Thomson, first vice-president of the Pennsylvania Railroad Co., returned yesterday from a long trip through the northwest, undertaken partly to observe the business and railroad situation and partly for pleasure. In answer to inquiries Mr Thomson said the published accounts of the enormous crops were not at all exaggerated, and through the entire northwest he passed thousands of acres of wheat in perfect condition and says that the crops were greater in acreage, and that wheat to the acre is better in quality, than ever before. The railways, Mr. Thomson says would be taxed to the full capacity of their equipment for months to move this tremendous tonnage. He found the railway managers of the northwestern lines all fully alive to the situation, and making every possible arrangement to meet the unusual demands upon them.

On his way westward Mr. Thomson stopped in Chicago and he was very greatly impressed with the excellence of the plans and arrangements of the World's Columbian exhibition, and predicts, without hesitation, that the Chicago World's fair will be the largest, most important and most magnificent ever held. He was particularly pleased with the scheme for interior water transportation and says it will prove to be most restful to visitors.

Mr. Thomson visited the Yellowstone park and is most enthusiastic in saying that it affords more of interest and pleasure to the traveler than any other part of our country, and that a fortnight's trip from the seacoast will enable one to make the excursion with every comfort, and have six days in the Yellowstone, where the arrangements for stage transportation through the park and the conveniences of the hotels are unexcelled, and that the long rail ride from St. Paul over the Northern Pacific railroad is made with every possible comfort and convenience.

The changes in the far northwest, brought by the opening of James J. Hill's great northern railway, Mr. Thomson says, are wonderfully striking, and the extension of that line to the Pacific coast will make it one of the most prominent arteries of the traffic across the continent.

Mr Thomson returned home more impressed with the vastness of the wealth and resources of the country than after his many previous western visits, and he does not lose sight of the fact that the condition of foreign markets will give our farmers such an opportunity as they have never had before and that the addition of the wealth of the country this year will probably be greater than any previous year in its history.

CATHOLICS IN CONVENTION.

Fifth Annual Convention of the German-American Catholic Congress.

BUFFALO, N. Y., Sept. 22.—All passenger trains entering Buffalo yesterday were crowded with people who came to attend the fifth annual convention of the German-American Catholic congress. It is estimated that nearly 15,000 strangers are in the city. The object of the congress is to keep alive the interest of all German-American Catholics in religious affairs, to demonstrate to the world the growth of the church and to discuss matters which affect its well being. An effort will be made at the present congress to unite the clerical and lay elements of the church

A meeting was held yesterday afternoon to arrange details for the convention The business sessions began today, preceded by a high mass in the morning.

A most interesting feature of the convention was the monster torchlight procession last evening. About 10,000 men were in the line. The parade started at 8:30 and marched through the principal parts of the city, passing in review of the bishops at Music hall, and was dismissed at Jefferson street. Along the line of march the German Catholic residences and many other places, both business and private, were profusely decorated.

Developed a Lack of Harmony.

COLUMBUS, O., Sept. 22.—It developed yesterday that there was a little lack of harmony in the meeting of the Trainmen's Brotherhood Sunday night. The engineers introduced a resolution to indorse Campbell and thereby gain the appointment of one of their number as commissioner of railroads. The other organizations protested and sent a committee to interview both McKinley and Campbell for terms. The engineers were vigorous in their objection and left the meeting in anger

Meeting of the Executive Committee of the Grant Monument Association.

NEW YORK, Sept. 22.—The executive committee of the Grant Monument association met yesterday. Work will be at once begun on the monument. The present temporary tomb will be removed inside the south end of the building where the foundation is already laid The amount of money on hand is $181,213.80.

Six Sailors Held for Mutiny.

BOSTON, Sept. 22.—The six sailors of the schooner Winchester who were charged with mutiny on the high sea were arraigned before Commissioner Halte, yesterday, and held in $500 each for the United States district court.

LOOKING FOR HIS WIFE.

Cummin, the Man Supposed to Have Been Lost in the Park Place Disaster, Returns From Halifax.

BOSTON, Sept. 22.—Sherman Cummin arrived here yesterday from Halifax. He is the printer who was reported to have been killed in the Park place disaster in New York recently and shortly afterward was heard from in Halifax. Cummin denies the story that just previous to the disaster he got drunk in New York and woke up in Halifax. He says that he left New York with a party of twenty four days before the calamity in Park place They took passage for Canada on the steamer City of Columbia. He is a native of St. John and after conducting his friends about the city, the latter started on their return trip and he sent word by them to his wife and employers that he would remain there awhile He went on a fishing excursion and on his arrival at Halifax he heard of the Park place disaster and of the identification and burial of one of the bodies as his, and the payment to his wife of $1,000 from the mayor's fund. Cummin telegraphed to New York but got no reply Finally he learned that his wife had left New York for parts unknown to him. Cummins thinks she is in this city, and he is looking for her with a view to proving his identity and re-establishing his home.

Terrible Explosion at a Camp-Fire.

COLUMBUS, O., Sept. 22.—A camp fire was held here in Mascone Cathedral last night and during the magic lantern exhibition the gas supply exploded with violence in the gallery. Thos. MacNaughten, a member of the Fourteenth regiment band, had part of his clothing blown off him and was seriously injured about the arms Every person in the house was more or less shocked and all of the lights were extinguished. By the rarest good fortune a panic was averted. No serious damage was done to the building or any other members of the audience The cause of the explosion remains unexplained

Unitarians in Conference.

SARATOGA, N. Y., Sept. 22.—The conference of Unitarians began here yesterday afternoon with a large attendance, representing nearly every state west of the Mississippi. A meeting of the council and officers was held at 4 p. m., and the conference was formally opened at 7:30 p. m. by public service, the sermon being delivered by Rev. H. A. Armstrong, B. A., of Liverpool, England. The sessions will continue three days during which a variety of papers on religious and scientific topics will be read and discussed.

Beginning to Realize that a Judgment Means Something.

BOSTON, Sept 22.—Judge Thompson in the superior court yesterday heard arguments concerning the claims arising on the death, in 1887, through an accident on the line of the Maine Central railroad, of a man named Trow. A judgment was given against the railroad company for $25,000 by default in that year. The railroad company argues now for the removal of the default, while the counsel for the relatives of the deceased ask the judge to let the judgment stand. The court took the matter under advisement

Renewed Trouble at Briceville Probable

NASHVILLE, Tenn., Sept. 22.—There is every indication of renewed trouble at Briceville within a few days. The armistice expires on the 24th instant, and the miners are reported to be very restless because of the inaction of the legislature E B Wade, superintendent of prisons, said yesterday that he anticipated a renewal of trouble Gov. Buchanan is firm in his determination to put down any further insurrection, and trouble, if it comes, can be of but brief duration.

Died in Her Husband's Arms.

DENVER, Col., Sept. 22.—Mrs. Margaret Mater, 27 years of age, wife of Samuel Mater, committed suicide on Saturday at her home by taking nearly a drachm of morphine. Shortly after supper Mrs. Mater requested her husband to take her in his arms, saying: "I am going to die in a few minutes." At the same time she threw herself in his arms and almost immediately became unconscious, and died in a short time The facts were kept quiet and only made public yesterday. No cause is given for the tragedy.

Three Men Killed by a Falling Rock.

PITTSBURGH, Pa., Sept 22.—A special to the Times, from Scranton, Pa., says: A great mass of falling roof caught Joseph Horan, a miner, and his two young laborers while they were loading cars in the Cayahoga colliery yesterday afternoon. They were in the face of the chamber and were buried beneath the tons of debris, which it required several hours to remove. When taken out they were dead, their bodies being horribly mangled by the weight of coal and rock that cut and squeezed them.

Kiamil Pasha, the Late Turkish Grand Vizier,

FOUND NOT TO BE GUILTY OF TREASON

But Only Providing for Contingencies—The Congo Free State May be Used as a Belgian Penal Colony—Affairs in Hawaii.

No Foundation for the Charges Against Kiamil Pasha.

LONDON, Sept. 22.—A Constantinople dispatch says that the Sultan has become convinced, after a thorough investigation, that there is no foundation for the charge that Kiamil Pasha, the late grand vizier, was engaged in a plot for his dethronement Nevertheless he is convinced that Kiamil failed to do his duty in other matters of both foreign policy and domestic administration of the Empire, and therefore the late grand vizier will not be completely restored to favor.

It now appears that the reason which the sultan had for his recent leaning toward Russia was information from a source which he credited to the effect that the Egyptian khedive had a plot on foot to detach Arabia from the Turkish dominions and rule over that country as a part of Egypt, under British protection, and with the Arabian emirs retaining a certain share of independence. There seems to be no doubt that such a plan has been proposed in Egypt, but merely as a scheme to be carried out in the event that the Russians should capture Constantinople and dismember the Ottoman empire. In that event the Khedive would probably assert his independence and endeavor to annex Arabia. There has, however, been no plot against the sultan on the part of the Egyptian government. It is said that the sultan is losing the self-control for which he has been noted, and is becoming very nervous and suspicious of everybody, and some of the trading Turks suspect him of a design to place himself and his treasures under the guardianship of Russia, should war break out.

The Congo Free State as a Penal Colony.

LONDON, Sept 22.—The Belgian government is considering seriously the suggestion of the Catholic congress at Malin that the Congo state be used as a penitentiary colony. Owing to the small Belgian emigration to the Congo, it is feared that the administration of the Congo state will inevitably slip out of Belgian hands unless something is done to keep the Belgian element in the ascendancy, and it is believed that the best way to accomplish this, as people will not go willingly, is to send convicts there. No doubt is felt, at the same time, that much opposition would have to be met in carrying out such a programme, humanitarian sentiment being influential in the direction of Belgium's penal institution.

Affairs in the Hawaiian Islands.

LONDON, Sept 22.—There is no present danger of a revolution in the Hawaiian Islands, although the resources and temper of the people are undergoing a severe test owing to the low price of sugar, and there is some talk, although not definite, of a republic or annexation to the United States. The queen is personally popular, a fact which has a tendency to keep down discontent, and it is possible any fundamental change in the system of government will be deferred until after her death. Nevertheless some foreign residents think that a crisis may come at any time. Americans are not alone in favoring annexation to the United States, many of the natives being of the same view.

A MEXICAN REVOLUTION.

Secret Rebel Organizations Forming in Many Places.

SAN ANTONIO, Tex., Sept. 22.—Dr. Plutarcho Orneas, the Mexican consul in this city, has received instructions from President Diaz to keep himself fully informed in regard to the progress of the revolution in Northern Mexico. But very little can be learned of the movements of the revolutionists, however. They are known to be marauding between Mier and Matamoras, and it is reported they have committed many depredations.

The incendiary circular spread broadcast by the revolutionists is having effect, and secret rebel organizations are said to be forming in many places. These will join the uprising against Diaz when the opportunity offers. The Mexican officials claim that the present invasion was the result of the efforts of Gen. Sandoval and Catrino Garcia. The latter was a particular friend of Gen. Martinez, who was assassinated a few months ago at Laredo, Tex.. It is claimed, by hired aids of the Diaz administration. There was no engagement near Monterey as reported.

The Extra Session Was a Failure.

NASHVILLE, Tenn., Sept. 22.—The extra session of the Tennessee General assembly adjourned yesterday after a twenty days' sitting. Outside of the passage of the apportionment bill by which the democrats gain several additional seats in both houses and the adoption of some local laws, the session has not been fruitful of important results. The convict lease system and the question of arranging for the building of a new penitentiary were left in statue quo owing to the stubbornness of both houses. The people generally look upon the session as a failure.

Shot Dead During a Drunken Bout.

DENVER, Col., Sept. 22.—Sunday night at 8 o'clock at Littleton, about 6 miles from here, John Jennings shot and instantly killed Henry Knoblich. Both men had been drinking and Jennings claimed that Knoblich had spoken disrespectfully of Mrs. Jennings. Jennings was arrested.

—Vera Ava, whose recent escapades in Chicago and Cincinnati have stirred up the whole country, has arrived in Chicago and delivered her promised sensational lecture in a Clark-street museum. Her remarks were somewhat applauded, and many people fought for the privilege of grasping her hand.

Accused of Setting Fire to Their Store.

INDIANAPOLIS, Ind., Sept. 22.—A genuine sensation was created in business circles yesterday when a half dozen insurance companies, acting in concert, filed answers to the Bryan & Sullivan suit for insurance money. The firm lost its entire stock of dry goods valued at $60,000 by fire in March last. The firm carried $58,000 insurance, and the fire was followed by a refusal to pay the insurance.

Suits were filed and the companies to-day filed their answers. These pointedly charge the firm with having set fire to their store, and say that they are not entitled to compensation for the loss of their stock. The fire occurred on Sunday night, and it is claimed that a member of the firm left the store a few moments before it occurred. Sensational developments are expected at the trial of the case.

Declined to Accept

GRAND RAPIDS, Mich., Sept. 22.—Don G. Leathers received a reply yesterday afternoon from the owner of Allerton relative to a race with Nelson, practically refusing to accept. Mr. Williams telegraphs that the track here is inferior and that Allerton is too valuable an animal to be shipped so far. Williams, however, offers $10,000, for a race between Allerton and Nancy Hanks on the Independence track in October.

Found Dead in His Room

PHILADELPHIA, Sept. 22. — H. M. Davis, of Peoria, Ill., a delegate to the National Switchmen's convention was found dead in his room in the Hoffman house yesterday morning. Heart disease was the cause of his death.

A Little Girl's Experience in a Lighthouse.

Mr. and Mrs. Loren Trescott are keepers of the Gov. Lighthouse at Sand Beach, Mich., and are blessed with a daughter, four years old. Last April she was taken down with Measles, followed with a dreadful Cough and turning into a Fever. Doctors at home and at Detroit treated her, but in vain, she grew rapidly worse, until she was a mere "handful of bones."—Then she tried Dr. King's New Discovery and after the use of two and a half bottles, was completely cured. They say Dr. King's New Discovery is worth its weight in gold, yet you may get a trial bottle free at King & Wood's drug store. 6m

THE NEWS OF THE DAY

The Californians Bound to Nominate Blaine.

BAD BUSINESS FOR A PREACHER'S SON

The Largest Cargo of Grain Ever Carried on a Lake Steamer—Treasurer Ostrander Committed to Jail—Mother and Son Drowned.

Going to Nominate Blaine.

CLEVELAND, O., Sept. 22.—Judge J. W. Jones, the well-known republican jurists of this city, has returned from a six-weeks trip to the Pacific slope. In an interview published here yesterday morning he says: "Everything on the Pacific coast is Blaine. You know, of course, that California went into the Chicago convention strong for Blaine. Since then President Harrison has visited the coast. He made a good impression, was pleasant, and made good speeches. But everybody I met was for Blaine This feeling is by no means confined to the coast, but extends east to Colorado and other interior states. It makes no difference to these people whether or not Blaine is or is not a candidate, they merely say 'We're going to nominate Blaine.'"

Bad Business for a Preacher's Son.

CORTLAND, N. Y., Sept. 22.—Edward Damon, only son of Rev. Albert N. Damon, of the Methodist church at Homer, is missing from his usual haunts, and it is said he has left town. He was to have been married on Wednesday evening to Ella Martin, a waitress at the Hotel Burns. The girl was all ready for the wedding which was to occur at some minister's, she forgets the name. She is still a waitress and waiting for Damon. She intimates that she will begin breach of promise proceedings. It is said Damon's father prevented him from marrying the girl, but his friends claim that no marriage was ever intended, and that he was simply fooling the girl.

The Largest Cargo of Grain Carried on a Lake Steamer.

CLEVELAND, O., Sept. 22.—The steamer E. C. Pope is now bound down from Chicago with a cargo of 126,000 bushels of corn, by far the largest cargo ever carried on the lakes The immense grain crop is giving the lake fleet all it can do, and carrying rates have advanced from the lowest on record early in the season to 3½ cents a bushel on wheat from Chicago to Buffalo. The demand for grain carriers has the effect of drawing many vessels from the ore trade, and rates have gone up with those on grain, so that the season will average well for lake vessel men, notwithstanding the discouraging outlook in May.

Treasurer Ostrander Committed to Jail.

KINGSTON, N. Y., Sept. 22.—James E. Ostrander, the defaulting treasurer of the Ulster County Savings institution was arraigned in the recorder's court, yesterday afternoon, charged with embezzlement. He waived examination. He declined to make any statement and was committed to jail to await the action of the grand jury.

The run on the bank was practically discontinued yesterday. About $200,000 was paid out to excited depositors on Friday and Saturday.

Mother and Son Drowned.

MIDDLEBURY, Vt., Sept. 22.—Mrs. Isaac Wimette, of Salisbury, and her 12-year-old boy were carried into the river on Saturday night by a frightened horse attached to their carriage and drowned. A girl 16 years of age, who was also in the carriage at the time of the runaway, escaped by jumping.

The People Love a Man

Here are those who believe that everything is on the decline, that the country has no such men as it had in years that are past But this class of pessimists are often put completely to rout by the love and respect generated for certain men by the character and acts of such men.

Of this class Maj McKinley is the most conspicuous This fact was demonstrated in his campaign in the gerrymandered district in which he ran for Congress where a Democratic Legislature and Gov Campbell made a district with 3000 Democratic majority against him, which McKinley reduced, in spite of all Democratic tricks, to 312 an accomplishment, under the condition, the like of which no man has done since the days of Clay Calhoun and Webster It was the most remarkable overturning of Bourbonism that has occurred since 1860 We do not hesitate to say that no public man in this Nation could have done so remarkable a thing He was able to do this because the people believed in him—because they believed him to be a man

His opponent for the governorship of Ohio is the same man who put his signature to the bill which put McKinley into that district for the purpose of compassing his defeat, but if we can read the political signs in Ohio the gallant McKinley, the man who like Alexander the Great, in the case of the last Persian King, will give him a cup of water as he lies mangled and bleeding before he gasps out his last political breath

This is the way it looks Last Friday at [illegible] in Ohio where they are manufacturing tin or terne plate as the result of the McKinley tariff on tin, Maj McKinley visited the works As he entered the rolling mill the men rivalled each other in cheering the prince of protection and in taking him by the hand He saw the process of rolling the steel billets into sheets for tinning From the rolling mill he followed the sheets to the tinning department where they were cut into sheets for tinning He there stood by the side of one of the experts at the tinning bath and saw him plunge in sheet after sheet of steel and bring it out completed tin plate every grain of which was made of American material The operator asked Mr McKinley to mount the stand and try his hand at tinning a steel sheet He obeyed and taking the tongs he deliberately and carefully made several sheets The workmen crowded about him and shouted his praise

In another town in Ohio on the same day another picture was presented There Gov Campbell was making a speech in which he told his audience that not a sheet of American tin plate was made in America The first was the action of a man the latter the vaporings of a demagogue This accounts for the fact that the people are for McKinley and meet him in crowds while Campbell meetings are small and without enthusiasm That is the reason why, as an Ohio Democrat expressed it a few days ago a Democrat when he sets his head, as thousands have done, to vote for McKinley no power on earth can stop him because he simply loves the man

Farm Mortgages

We are told by a Democratic organ that an Iowa farmer refused to give the information desired by the government but was bound over to await the action of a federal grand jury, which means that the government taxes men until they have to mortgage their farms to pay it and when he objects to publish it, his mortgage slaps him in jail The fact is that the whole mortgage census business was of Democratic origin That party which has no chance of success only if it can succeed in poisoning the public mind and deceiving the people into a state of discontent as near anarchy as possible the nearer the better for Democratic votes, that party began in 1890 to tell the people they were being [illegible] and mortgaged into serfdom and demanded that the next census should embrace the mortgages of the country This party in congress when the census bill was up, refused utterly to consent to anything for which it provided until the mortgage feature was embodied in it Republicans objected to this at the time and many speeches were made in which Republicans claimed that it was inexpedient and improper for the government to inquire into matters of so private a character as mortgages The Democrats were obstinate, and the Republicans were compelled for the sake of harmony to yield This is the story of the mortgage census legislation, and when a Democratic newspaper, in the face of these facts for no better reason than that the mortgage census is proving a boomerang accuses a Republican administration for enforcing a provision of law the Democrats are responsible for it only shows the style the treachery, and utter unreliability of that party

McKinley vs Campbell

The *Decatur Review* tells its readers that Maj McKinley has been put on the defensive by Governor Campbell's brilliant tactics It seems to require little solid matter to satisfy that organ that on the defensive? Indeed As if false hood and prevarication ever put any man on the defensive, When Maj McKinley at Cincinnati on Saturday got through with Campbell's put him on the defensive speech the aforesaid Campbell had the appearance of a ward bummer put on the market to fill up We can only refer to a few of the knock downs Campbell got For example Campbell said that as soon as the tariff on linseed oil had been increased there was a trust formed and linseed oil was sold in England for 31 cents while our own people had to pay 60 cents In reply Maj McKinley took the quotations published in the papers the day Gov Campbell made the statement and showed that oil sold that day in the open markets at 31 cents This did not prove that Campbell was a poor Democrat, but that he was a very poor liar

Campbell also said that as soon as the tariff on pottery was advanced the manufacturers of pottery had reduced the wages of their men. In reply Maj. McKinley read the sketches from a score of potters in Ohio and other states pronouncing Campbell's statement as villainously untrue and stating on the contrary that wages had not been reduced, but on the whole had been increased.

Oh, no! Gov Campbell's brilliancy, of which the above is a sample, is not putting Maj McKinley on the defensive He is only carrying material for the buzz saw

DES MOINES *Register* The vilest gang of demagogues that has ever gathered under one political canvass since the war closed is now huddled under the little dog tent that is being utilized as a cover to shield the records of "Col." Polk, Jumping Jim Weaver, Valet Gillette, the lice o' Kansas, and the demagogues of other states who have been kicked out of all other parties Among all the so called leaders gathered under a little dog tent there is not one who has earned a dollar by honest labor in the past twelve months Lift up the flap of their little cover and see them squirm like scotched snakes as they attempt to shield their sore spots from public scorn The little tent is the only "yard wide goods in the aggregation, and even that is rotten

"THE World's Fair will afford an object lesson on the tariff that will be worth thousands of votes to the Democratic party We wish it could be held before the next National convention."—*Decatur Daily Review*

According to this gospel the Democrats are in about the same fix they were in 1864 In that case it would have been a good thing for the Democrats had Lee surrendered before the convention, or the convention had been postponed until after the surrender

SPEAKING of the resolutions in regard to the colored men, adopted by the New York Democratic Convention, the Minneapolis *Tribune* says

Discrimination "in our party on account of color is discountenanced!" Surly the world "do move" Think of that from a party which, a few years since, was burning colored orphan asylums in New York and asking Republicans if they wanted their sons and daughters to marry niggers? Which threatened to rebel and by force prevent the ratification of the 15th amendment and wanted to hang Sheridan for daring to prevent negro massacres in Louisiana! No discrimination on account of color countenanced by Democracy! Verily, Canton is a good one! And the resolution was adopted unanimously' We do not know how our Southern brothers may relish this sentiment, but from this time on the colored brother is safe in the arms of the New York Democrats! Lo us rejoice! This is a great platform! The head that designed it is fearfully and wonderfully made The document ought to be preserved as a specimen of what can be done outside of the idiot asylums and institutions for the feeble minded in the great State of New York

A Fatal Mistake

Physicians make no more fatal mistake than when they inform patients that nervous heart troubles come from the stomach and are of little consequence Dr Franklin Miles, the noted Indiana specialist has proven the contrary in his new book on "Heart Disease,' which may be had free at W C Armstrong's, who guarantees and recommends Dr Miles' unequaled New Heart Cure, which has the largest sale of any heart remedy in the world It cures nervous and organic heart disease, short breath, fluttering, pain or tenderness in the side, arm or shoulder irregular pulse fainting, smothering, dropsy, etc His Restorative Nervine cures headache, fits etc bm

THE CITY COUNCIL.

Harry Scanlan in the Chair—Fees for City Attorney Shut Off—Resolutions.

In the absence of Mayor Chambers at the regular meeting of the city council last night, Alderman Harry Scanlan was elected to serve as mayor pro tem. All of the aldermen were present except Watkins

The petition for a water main on Bradford street was referred to the public improvement committee Tapping privileges were granted to several petitioners on filing bonds.

The remonstrance of F W Hardy against a sewer lateral in the alley back of his residence in the Seventh ward did not go The committee reported adversely and the report was adopted

Report of City Engineer Burgess on the completion of the Bradford street sewer was adopted, and the report on the Jasper street sewer was referred Total cost to date, $11,719 04 The E Harpstrite sub-division was adopted The final report of Sullivan Burgess on the Broadway sewer was approved.

SEWER SETTLEMENT

The finance committee made the following report in reference to settlement with P H Hunt for construction of the Broadway sewer Amount to be paid by public taxation, $13,532 23 amount to be paid by special assessment, $40,596 70 In addition there is due as interest on the part to be paid by public taxation, $439 52 There has been paid on the amount due from special assessments, in cash and vouchers, a total of $22,506 19, leaving a balance of $18,090 51 In view of the fact that the sewer had been completed and accepted, the following resolution was submitted That a warrant be drawn for $34,971 75 in favor of P H Hunt, and time warrants for $10,000, to be in the sum of $500 each, the same to be in full payment for aforesaid sewer The resolution was adopted

QUESTION OF FEES.

The ordinance requiring that all fees heretofore received by the city attorney shall hereafter be paid into the city treasury was taken up and adopted after some discussion Mr McDonald stated that within the last 13 months he had received as fees from the various justices $454 and explained how the fees had been expended in running his office He objected to the adoption of the ordinance, and declared that the council had no legal right to cut off the fees The salary of the city attorney is $1100, and he is allowed $30 a month additional to pay a stenographer and typewriter To day an alderman suggested that the salary of McDonald might be increased several hundred dollars

Ordinances were passed requiring the city clerk to issue burial and transit permits for the burial and transportation of diseased people, requiring motormen of street cars to stop cars and personally examine railroad crossings for approach of trains in the absence of regular flagmen, for a 10 foot alley between South Main and South Water streets, through the Prescott and Baker addition, for a sewer on Eldorado street, east from Broadway to Front street, estimated cost 980, for sewer in alley between Wood and Macon streets, from Union to Crea street, estimated cost $2600, for sewer in alley between Main and Church streets, beginning at King street and running north and south to points near Marietta street and the Wabash road, estimated cost, $1 000, for the extension of the Union street sewer through the Bramble property, estimated cost, $11,650 for the extension of Jasper street sewer, bids to be received at the second meeting in October estimated cost $7964

The plat of the lots at the corner of North Main and North streets, recently sold by the trustees of the Presbyterian church was approved

Saloon licenses were granted to John R Dougherty, at 1162 East Eldorado street, and to Julius Blickburn, at 150 North Franklin street

It was voted not to accept the proposition by A Wait to move the council rooms and city offices to the Arcade Block, because the new quarters were considerably too small

A F Gephart & Co were awarded the contract for the sewer lateral in the alley between Condit and Edmond streets at 54c per foot, and S A Tuttle got the contract for the sewer in the alley between Eldorado and North streets, at 68c per foot

RESOLUTIONS

Lecture on Hamlet.

Mr. Percival Chubb, of London, England, entertained and edified a select audience at the assembly room at the Woman's Club House last night, on the subject of "Hamlet," considered by the students to be the greatest and most attractive character in all of Shakespeare's plays. Mr Chubb was introduced by Mrs Randall, president of the club, and for over an hour the scholarly gentleman discussed the various phases of Hamlet s character in a manner which commanded undivided attention. He pictured Hamlet's life and sayings before he discovered that his father had been murdered to show that he had been a mirthful man, like his fellows, and produced evidence to show that he was a sane man But when his mother had shocked him by her faithlessness, and when the ghost had revealed the fact of the murder and had given him a mission to perform, then it was that his whole nature changed and he became the relentless schemer and plotter to expose the murder of his father and visit vengeance upon those about him Mr Chubb gave a careful analysis of the character and quoted copiously from the works of eminent Shakespeare critics, taking exceptions to many of the conclusions advanced. In conclusion the lecturer paid a high tribute to Shakespeare and the drama and art in general Mr Chubb in the field of literature and art is a close student and it is a privilege and pleasure to hear him He will lecture again to night at the club house on 'Workers of the Future and the Work" He should be greeted by a large audience The proceeds are for the benefit of the Woman s Club

THE STAGE.

Carroll Johnson in "The Gossoon' will be at the Grand Friday evening, Sept 25 This will be a great comedy and musical treat

Saturday night, Sept 26, comes The Devil s Editor" comedy, with a bright company of players Said the Philadelphia *Ledger*

The New Park theatre was well filled last evening with an audience that gave every sigh of thorough enjoyment of the performance of The Devil's Editor,' which is described on the play bills as a farce comedy The company puts plenty of dash into the play, being led by Miss Alice Harrison, whose audacity makes her amusing Frank Doane, Thomas J Grady, Frank B Sheridan, Joe Flynn, Hattie Delaro Barnes, Adele Reno, Hattie Anderson and Gracie Chase contribute to the entertainment of the audience by their singing, dancing and burlesque acting A quartet by Doane, Grady, Sheridan and Flynn was one of the features of the play, and the dance of the bathers by Misses Anderson Barnes, Chase and Harrison was another Miss Harrison gave a clever imitation of Maggie Mitchell and other specialties

CLOSE OF THE CONFERENCE.

THE APPOINTMENT OF METHODIST PREACHERS.

H. H. O'Neall for Grace Church—Return of Rev. James Miller to First Church—Rev. G. E. Scrimger an Elder.

The annual session of the Illinois Conference, Methodist Episcopal church, closed at Bloomington last night at a late hour, when Bishop Warren announced the following appointments:

DECATUR DISTRICT.

The following appointments were made for this district:

Presiding elder—M. D. Hawes.
Assumption—Robert Clark.
Blue Mound—H. C. Turner.
Butler—W. F. Wright.
Cerro Gordo—J. B. Martin.
Decatur—First church, James Miller; Grace church, H. H. O'Neall.
Decatur circuit—C. G. Wood.
Forsythe—R. P. Cusick.
Hammond—J. G. Jeffers.
Harristown—T. J. Bryant.
Hillsboro—W. F. T. Spruill.
Hopkins—T. D. Weems.
Irving—A. C. Chapman.
Lincoln—F. D. Wilkin.
Lovington—W. C. Lacey.
Latham—M. Auer.
Marion—M. L. Murray.
Mt. Pulaski—P. Slagle.
Mowequa—A. G. Armentrant.
Nokomis—J. W. Hetman.
Oconee—A. H. Hathwick.
Owaneco—R. C. Milhese.
Pana—J. Foxworthy.
Rosemond—P. F. Gay.
Stonington—J. A. Burks.
Wartensburg—Marion Rose.

THE NEW PASTOR.

Rev. H. H. O'Neall, who is to succeed Rev. Geo. E. Scrimger as pastor of Grace M. E. church this city, comes to Decatur from Kimber church, Danville. He was formerly a member of the Minnesota Conference, and was transferred to Kimber church when Rev. T. J. Coultas went to St. Paul. Rev. O'Neall is said to be an able pulpit orator and an active pastor. He will come to Decatur within two weeks and will occupy the church parsonage.

Rev. Scrimger, who has been the beloved pastor of the Grace congregation for four years, is promoted to the position of presiding elder of the Danville district. It was expected that he would be returned, but the will of the Bishop is beyond appeal, and he goes up higher. His departure will be regretted by the people generally.

Rev. James Miller's return to the First M. E. church to complete his term of five years meets with the universal approval of the membership and citizens, who look upon Rev. Miller as the ablest expounder of the Scriptures in the Illinois Conference, a giant among all the preachers.

APPOINTMENTS IN GENERAL.

Presiding elders—Bloomington, George Stevens; Champaign, T. A. Parker; Decatur, M. D. Hawes; Danville, C. E. Scrimger; Jacksonville, W. D. Best, Mattoon, T. J. Orr; Springfield, W. N. McElroy; Quincy, D. W. English; West Jacksonville, M. W. Everhart.

Preachers located—S. H. Whitlock at Clinton; Frank Crane, First church, and W. A. Smith, Grace church, Bloomington; D. E. May, Green Valley, A. P. Stover, Delavan, Beardstown, W. S. Chilcote; Farmer City, H. B. Montgomery, Paxton, R. G. Hobbs; Sadorus, J. F. Horney; Urbana, M. D. Hornbeck; Arcola, E. J. Durham; Danville, First church, C. A. Crane, Kimber church, Horace Reed; Fairmount, W. A. Reynolds; Philo, J. R. Reasoner; Carrollton, F. C. Bruner; Island Grove, John Everly; Jacksonville, Centenary, D. F. Howe, Grace, J. T. McFarland; Charleston, H. W. Davis; Hamboll, C. Cunningham; Mattoon, W. S. Hooper; Paris, E. B. Randle; Shelbyville, First church, W. F. Gilmore; Pawnee, J. C. Lockhart; Springfield, First church, A. C. Byerly, Second church, J. A. Kimber; Mt. Sterling, L. A. Powell; Quincy, Vermont street church, C. Galeener; Rushville, W. H. Musgrove; Rushville circuit, S. F. Thresher.

Dr. W. H. Wilder, of Bloomington; J. T. Orr, of Mattoon, and D. W. English, of Rushville, were elected alternates to the general conference.

Among the preachers elected for elders' orders are Horace Reed, James Miller and W. A. Smith.

A resolution was introduced against the opening of the gates of the world's fair on Sunday; against the issuance of newspapers on Sunday and censuring those who patronize them; against the running of railway trains on the Sabbath day and the practice of ministers riding on them. The latter clause of the resolution was the subject of a general discussion and amendment after amendment was offered, but the resolution finally went through as first recommended.

But three cities asked for the next annual conference—Paris, Shelbyville and Rushville. The first ballot showed no choice, but on the second vote Shelbyville was chosen. The conference will not include laymen and will therefore be only about half as large as the present one.

CONSOLATION DEFT.

A letter was read from a superannuated minister, formerly of this conference, but now located at Fairbury, Neb. Seven years ago this gentleman sold a 40-acre tract of Illinois land and invested the proceeds in the west. The hot winds and the bugs had eaten his crops and the drains on his purse had been heavy. All of his money had flown, but he still had the consolation left of being a Christian. That was all he had, and he asked the prayers of the preachers that he might not lose that.

The committee of 15 which had been laboring industriously for several days in the case of Rev. E. A. Squiers submitted a lengthy report. The charges against him were not sustained, though the verdict was by no means unanimous.

W. F. Wright has received considerable attention at the hands of the conference and his case came up again yesterday morning for a general discussion. Mr. Wright was charged with immorality, dishonesty, unministerial conduct and a few other trifling misdemeanors, but the verdict was wholly in his favor. His enemies made an effort to force him to accept a supernumerary relation with the church, but Mr. Wright's friends objected to any such proceeding, though it was recommended by the bishop and presiding elders. Charles Crane advocated the cause of his client, Mr. Wright, and carried it to a successful issue, Tue brother who couldn't be convicted of the charges against him will be given another appointment.

FAILURE IN CHICAGO.

A Big Grain House Goes Under Because of the Slump in Corn.

Special to the REPUBLICAN.

CHICAGO, Sept. 22, 1 p. m.—S. V. White & Co., one of the largest grain and stock commission firms in the world, doing business in New York and Chicago, have failed. Liabilities not stated.

White & Co. were in the deal to corner September corn, and had a big load in store, driving the price up to 90 cents two weeks ago. Then the break began, and to-day the quotation is 49 cents, a slump of nearly 4 cents a bushel since yesterday's close.

Those Brandied Peaches.

ON complaint of Jacob Leslie, at Cerro Gordo to-morrow F. S. Fox, keeper of a restaurant, is to have a trial for selling brandy peaches to the son of the complainant, the boy having become intoxicated. The peaches have been analyzed by L. W. Schwab, of the Templeton pharmacy, and were found to contain over 37 per cent of alcohol. Fox bought the peaches in Decatur and he has been having a great run on them. He did not know that they were intoxicating.

The goods came through the importing house of Thurber, Whyland & Co., New York City, and have been on sale in America during the past two months. Mr. Fox obtained his supply from Bocock & Woody, this city; but since it has been stated that the goods are intoxicating, the first charge of the kind that has been made since the goods have been on the market, Bocock & Woody, who have no desire or wish to sell any goods of an intoxicating nature, and are entirely innocent of wrong doing in the Cerro Gordo case, have sent out letters recalling all of the brandied peaches they have sold to the trade, besides cancelling the order for a fresh supply sent in to the New York house. Mr. Fox is one of the best citizens of Cerro Gordo and is held in the highest esteem. He will square himself beyond question at the trial.

AMMONIA IN BAKING POWDER.

Discussion Before the American Chemical Society.

From the Chicago Tribune, Sept. 20th, inst.

To the Editor of The *Tribune*—Sir: I have just seen the report in your issue of Sept. 3 of the discussion at the Washington meeting of the American Chemical Society, Aug. 18, relative to the use of carbonate of ammonia in baking powders.

This report is incomplete and incorrect in many particulars, and as the paper which precipitated the discussion was read by me and was based upon my own experiments, I desire to make corrections in the interest of the truth and for the benefit of the large number of your readers to whom the question is one of great moment.

The paper as read before the society related that ammonia in baking powder is retained in the bread by reason of its affinity to the gluten. The consensus of opinion expressed during the discussion was against the use of carbonate of ammonia in baking powder with the only exception of Dr. McMurtrie, who is now an employe of a baking powder company which uses carbonate of ammonia in its baking powder.

Of the other parties mentioned as having taken part in the discussion were Prof. Dr. Becker of the University of Pennsylvania, who is the President of the society and one of our highest authorities. In answer to a pleading by Prof. McMurtrie that only small quantities of ammonia were used in baking powders, he stated: "No matter how small the quantity, I must decline to be dosed medically without my consent when taking my meals."

Dr. E. H. Bartley, formerly chemist of the Brooklyn Board of Health and Professor of Chemistry at the Long Island College, likewise named did not, I believe, take active part in the discussion, but is already on record as strongly opposed to the use of ammonium carbonate in baking powders.

Dr. Richardson volunteered only the question whether the flour used in the experiments was of good quality, of which I assured him by stating that it was the best and the flour used in my family.

Prof. Mallet was not present.

Your article is misleading in so far as it gives the impression that ammonia disappears on baking. My actual tests agree with those made by others, showing that ammonia remains in the bread. My investigations simply assign a new cause for its retention.

H. ENDEMANN, Ph. D.

New York Tribune, Sept. 17, 1891.

Note Dr. Endemann, the writer of this communication, is well known in scientific circles, and was for twelve years chemist of the New York Board of Health.

The Baking Powder company above referred to is the Royal Baking Powder company of New York.

And the employe, Dr. William McMurtrie, who defends that company's use of a motin, is their much advertised Government Authority.

There is no such office known under our government as that of Government or United States Government Chemist.

MORE AMERICAN TIN.

The Warehouse of the Decatur Furniture Factory to be Covered with It.

At the St. Nicholas to-day, Chas. Laux, the proprietor, who is a liberal-minded Democrat and knows a good thing when he sees it, was quite gay as he stepped around with a fine sample of genuine American made tin-plate in one hand, and the card of the firm which made it in the other. At his side was Mr. Frank Harrison, representing Fleming & Hamilton, of Pittsburg, Pa., manufacturers of Hamilton's best redipped American guaranteed roofing plate, to whom the REPUBLICAN reporter was introduced. Mr. Harrison had been in the city all day, and had taken three big orders for American roofing tin, sold to Morehouse, Wells & Co., L. B. Stout and Sergen & Stewart, selling a better grade of American tin at $1.50 to $2 a box cheaper than the same grade of the imported article. A special order of 25 boxes was sold to Morehouse, Wells & Co., which will be used to cover the roof of the new warehouse now being erected by the Decatur Furniture company, the guarantee being that the American article will be as good or better and will wear as long or longer than the imported tin, besides over $2.00 a box cheaper.

Mr. Harrison stated that he has been on the road with the American tin since Aug. 1, and that wherever he goes he finds no trouble in making quick sales. He never handled tin that sold quicker or gave better satisfaction. He finds Democratic dealers eager buyers in most cities. They make close inquiries and then declare something like this: "I told the boys that there was no use lying about this American tin business. I knew we would have to come to it and I am glad of it. We can make as good tin in America as anywhere on the face of the globe and what is better the people can get it at less cost than the imported tin." Mr. Harrison says he finds that among Democrats they are as big buyers as Republicans. It is a matter of business with them, not politics.

Nuisances Must Be Abated.

The weather has become extremely hot and on account of the filth in some parts of the city has become extremely offensive and dangerous to the public health. The city authorities have been doing all in their power to abate these nuisances by calling public attention to them and have found considerable tardiness on the part of some people to clean up their premises. So palpable has this neglect become in many cases that it is found necessary to enforce in these cases a compliance with the sanitary ordinances by law.

These ordinances provide severe penalties for a failure to keep stables, hog pens, lots, cellars, privies clean and inoffensive, and also for permitting to stand or depositing in alleys and streets vegetable, animal matter, and slop or filth of any character. These penalties range from five to fifty dollars.

People who have been careless in these matters would do well to take warning and not once for it has reached a point where in the interest of the general public the authorities must take prompt and of necessary vigorous action.

C. N. HARDIN, contractor and builder, met with an accident yesterday. He was at work on the Collins residence building on a scaffold about 22 feet from the ground. He lost his footing and fell about 10 feet, lodging on a lower scaffold. In the fall Mr. Hardin sustained a fracture of the right shoulder-blade and a contusion of the right wrist and arm. He is about, but will be unable to resume work for several weeks.

MRS. JOHN BLICKLE, who some years ago was prostrated by the heat and has since been in very poor health, especially during the heated terms, attempted suicide Sunday at her home at 542 North Morgan street, by cutting her throat with a butcher knife. Drs. Kennedy and Eddy attended her and sewed up the gash. It is believed that Mrs. Blickle was temporarily insane when she committed the act.

MISS DORCAS—"Have the poor any pleasures, think you?" Miss Ann Thrope "O, yes! They criticise the characters of the rich."

A CURE FOR CHRONIC DIARRHOEA.—Mrs. E. Gleason, of Salem, Dent Co., Mo., writes as follows: "Chamberlain's Colic, Cholera and Diarrhoea Remedy cured me of chronic diarrhoea after years of standing, when it seemed I could live no longer. I was growing so weak. I had tried several doctors in this state and several in Iowa, but they could do nothing for me. I was finally induced to try a bottle of your medicine. After using three bottles of it I was entirely cured. I cannot say enough in its praise. I wish that every family knew the worth of it as I do, and I am sure they would never do without it." For sale by W. F. Neisler, druggist. d&w

MRS. SPENDALL—"You look worried. It is because you are so deeply in debt?" Mr. Spendall (gloomily)—"No, it's because I cant get any deeper."

That he is far in advance of any previous season, and we candidly believe, of any house in this part of the country, in having novelties that are exclusive in their character. We are pleased always to place any shoes shown from our store in critical comparison with similar shoes purchased or obtainable in any retail store in the country. We again emphasize the fact that the prices are always as low or lower than similar goods can be obtained elsewhere. Another point of importance: Every statement made by our salesmen will be endorsed by us, a fact which adds satisfaction to every purchase.

POWERS.

An Unique Aquatic Contest.

NEW WESTMINSTER, B. C., Sept. 22.—An unique aquatic contest took place here yesterday between Ed Hanlan, the ex-champion oarsman of the world, and McLean, of British Columbia. McLean, who rowed in a lap-streak skiff, was given 500 yards start while Hanlan used a racing shell. The race was for $200 a side and the distance was 3 miles with a turn. Hanlan did splendid work in the race, but could never catch McLean, who won easily by 3 lengths.

McLean's time was 19 minutes, 20 seconds, while Hanlan covered the distance in 19 minutes, 32 1-5 seconds, which is half a second better than his best record.

McLean has issued a series of challenges to Hanlan, one of which is that they both row in lap-streak skiffs with an even start. McLean taking the inside course against the current.

An Interstate Commerce Case.

CHICAGO, Sept. 22.—Interstate Commissioners Morrison, Veasey and Knapp listened to arguments yesterday in the alleged discrimination in freight rates practiced by the railroads against the lumbermen of Eau Clair, Wis., and in favor of the river towns. The complaint of the Eau Claire lumbermen is that the St. Paul, Chicago, Burlington & Quincy, Northwestern and about ten other smaller roads have combined with forty-eight lumber concerns for freight discrimination against Eau Clair interests. The hearing will probably continue several days.

Hanged by a Mob.

MILWAUKEE, Wis., Sept. 22.—A Darlington, Wis., special to the Journal says: Anton Seibolt, who pounded James Meighan to death last Wednesday, was taken from the jail here yesterday by a mob and hanged to a tree in the park until dead. This was the day set for his preliminary hearing, and he was brought to town at 11:30 a. m., from Monroe, Green county, where he had been taken for safe keeping, a mob having threatened to lynch him last Thursday. He was cool and adjusted the rope about his neck. The lynching meets with general approval.
